

PRIMARY SCHOOL PE AND SPORT PREMIUM FUNDING

At Pepper Hill School we recognise the contribution of PE to the health and well-being of the children. We believe that an innovative, varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement of all our children.

Our Primary School Sports Premium Funding will enable us to continue and extend our provision through employing additional sports professionals, entering into more competitive sports competitions and training our staff to deliver in-house quality PE sessions.

Primary School PE and Sport Funding

What is the PE and Sport Premium?

The government is providing substantial primary school PE and sport funding per annum. The funding is being provided by the Secretary of State for Education, and will see money going directly to primary school headteachers to spend on improving the quality of sport and PE for all their children. In October 2020 the Primary PE and Sport Premium doubled so each school will receive £16,000 plus an extra £10 per child. At Pepper Hill School we received £16,730 for the 2024-2025 academic year. The money can only be spent on sport and PE provision in schools.

Purpose of the funding

Schools will have to spend the PE and sport funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

How to use PE and Sport Premium:

- provide staff with professional development, mentoring, training and resources to help them teach PE and sport more effectively
- introduce new sports, dance or other activities to encourage more pupils to take up sport and physical activities
- support and involve the least active children by providing targeted activities, and running or extending school sports and holiday clubs
- encourage pupils to take on leadership or volunteer roles that support sport and physical activity within the school
- provide additional swimming provision targeted to pupils not able to meet the swimming requirements of the national curriculum
- embed physical activity into the school day through active travel to and from school
- encourage active play during break times and lunchtimes
- provide opportunities for children to develop leadership skills

PRIMARY SCHOOL PE AND SPORT PREMIUM FUNDING 2024-2025

Primary School Sport Grant			
Total number of pupils on roll in Year 1 and 2			73
Lump sum			£16,000
Amount SG received per pupil (£10x73)			£730
Total amount of PPSG received (inc £1939.89 b/f + £6000 unspent project)			£24,669.89
Summary PPSG 2024-2025			
<p>Objectives of spending PPSG:</p> <ul style="list-style-type: none"> To improve the provision of PE at Pepper Hill School To ensure that PE provision is judged as good by external monitoring To broaden the sporting opportunities and experiences available to pupils To develop a love of sport and physical activity 			
Report of PPSG spending by item/project 2024-2025			
Item/Project	Cost	Objectives	Outcomes
After School Care Club (Physical Activity)	£2,960.10	To provide an additional member of staff at after School Club to lead sporting activities and encourage inactive children to improve their levels of engagement.	This has provided more opportunities for children to choose physical activity and exercise to become more active outside of curriculum hours.
PESSPA Inclusion Provision (PIP)	£10,795.20	To deliver inclusive active breaks, sensory circuits, and physical activity interventions that complement and extend beyond the PE curriculum.	<p>Active breaks have helped all children improve their focus and energy levels, supporting better academic engagement while promoting physical wellbeing and social interaction.</p> <p>Sensory circuits have effectively supported children with a range of sensory and emotional needs, enhancing their self-regulation, emotional resilience, and physical coordination, which in turn has contributed to calmer and more productive classroom behaviour.</p>

			Targeted physical activity interventions have developed children's physical skills and confidence, while also fostering social skills and emotional wellbeing, leading to increased participation and motivation in both academic and social settings.
Extra-Curriculum Clubs	£1539.30	<p>To provide additional opportunities for children to engage in a wider range of sport and physical activities.</p> <p>To provide a range of opportunities for children to participate in termly events with local schools.</p>	Delivering a wider range of sports clubs, including new activities suggested through pupil voice, has helped narrow the gap between male and female participation, provided children with valuable experiences in a range of events including indoor and outdoor athletics and gymnastics.
Holiday Spring and Summer Sports and Outdoor Camps	£3020	<p>To provide outdoor and physical activity holiday camps that offer extended opportunities for children to engage in a healthy lifestyle through daily physical activity and healthy eating.</p> <p>To increase the number of funded places available to ensure wider access and participation.</p>	Children who have attended the holiday camps have developed a stronger understanding of what it means to lead an active and healthy lifestyle, particularly through daily exercise and making healthier food choices. There has been a noticeable increase in interest in physical activities, including gardening and outdoor games. Additionally, the availability of funded places has enabled children who had not previously attended to take part, making the provision more inclusive and accessible.
PESSPA Staff Mentor	£6,000	To provide the PESSPA team with regular CPD and mentoring opportunities throughout the year, supporting their professional growth and enhancing the quality, confidence, and consistency of PESSPA delivery across the school.	Regular CPD and mentoring have significantly increased the confidence and capability of the PESSPA team. Team members now demonstrate a stronger understanding of data analysis, which has improved the quality of PE and extra-curricular commentaries. Additionally, staff feel more confident in leading curriculum development, including creating subject development plans and curriculum overviews.
Milton Keynes Sensory Suite	£247	To provide tailored opportunities that enable	Attending offsite visits has provided SEND children with valuable

Visits		children with individual needs, who have previously been unable to access extra-curricular sports.	<p>opportunities to engage in physical activities beyond the regular curriculum, encouraging greater independence and confidence in participating in activities outside the school environment.</p> <p>These visits have positively impacted personal skills such as social interaction and communication, while also supporting physical development and increasing motivation to stay active.</p>
